■ MISSION

' TO BE A MARKET LEADER'

Sustaining domestic leadership and global presence through innovation, quality and value added growth with diversified interests.

■ COMPANY OVERVIEW

JCBL Group is a leading business conglomerate with diverse business presence across automobile, pharmaceutical, design, information technology and international trading. With many firsts, the group is a pioneer in the mobility solution space since 1989 and has created an impressive track record of value creation in all the businesses. The group strives to bring the latest innovations and the best value offerings to all our customers in the quest to deliver the best in class.

JCBL's philosophy revolves around four core values of Passion, Trust, Transparency and Quality. Together these guidelines serve as a compass, helping us set and maintain the right direction for our business. We attach great importance to the development and implementation of innovative solutions, which is our axis of growth over the years. This ethos is clearly reflected in our belief '**When Inspired Minds Come Together, Miracles Happen!**'

Incorporated in 1989, JCBL is one of the largest manufacturers of Luxury Buses, Integral Coaches, School Buses, Special Application Vehicles, Medical Vans, Motorhomes, Tippers, Tip-Trailers, Cargo Carriers, Refrigerated Vans, Heavy Haulage Trailers, Armouring Solutions & Agricultural Implements providing world class mobility solutions in adherence to stringent quality standards like ISO 9001 & TS 16949.

TUBE CUTTER

Wheeled pipe cutters are used to cut pipes made from copper, brass, plastic and thin-walled electrical metal tubing (EMT). Unlike a saw, this tool makes a clean uniformed cut using a sharp metal wheel.

- One Cutting Wheel & Two Rollers for cutting thin wall pipes

MINI TUBE CUTTER

After tightening the feed screw, mini tubing cutters work faster by providing a more consistent cutting force on the wheel. Mini tubing cutters can be used on copper, steel, stainless steel and aluminium tubing in confined spaces.

- One Cutting Wheel & One Rollers for cutting thin wall pipes
